WASHINGTON, D. C.,  
*April 23, 1935.*

## REPORT TO THE PRESIDENT

The PRESIDENT,  
*The White House.*

SIR: An application has been duly made pursuant to and in full compliance with the provisions of the National Industrial Recovery Act, for an Amendment to the Supplementary Code of Fair Competition for the Wheel and Rim Manufacturing Industry, a Product Group of the Automotive Parts and Equipment Manufacturing Industry, submitted by the Code Authority for the Automotive Parts and Equipment Manufacturing Industry, on behalf of the Administrative Committee of the Wheel and Rim Manufacturing Industry.

The purpose and effect of the Amendment are to exempt direct export sales, sales ultimately destined for export, and sales of materials used in the manufacture of products for export, from the provisions of this Supplementary Code with regard to prices, discounts, deductions, allowances, extras or methods and/or terms of sale; except as may otherwise be provided by the Administrative Committee, subject to the approval of the National Industrial Recovery Board.

### FINDINGS

The Deputy Administrator in his final report to the National Industrial Recovery Board on said Amendment to said Supplementary Code having found as herein set forth and on the basis of all the proceedings in this matter:

It is found that:

(a) The Amendment to said Supplementary Code and the Supplementary Code as amended are well designed to promote the policies and purposes of Title I of the National Industrial Recovery Act, including the removal of obstructions to the free flow of interstate and foreign commerce which tend to diminish the amount thereof, and will provide for the general welfare by promoting the organization of industry for the purpose of cooperative action among trade groups, by inducing and maintaining united action of labor and management under adequate governmental sanction and supervision, by eliminating unfair competitive practices, by promoting the fullest possible utilization of the present productive capacity of industries, by avoiding undue restriction of production (except as may be temporarily required), by increasing the consumption of industrial and agricultural products through increasing purchasing power, by reducing and relieving unemployment, by improving standards of labor, and by otherwise rehabilitating industry.

(b) The Supplementary Code as amended complies in all respects with the pertinent provisions of said Title of said Act, including without limitation Subsection (a) of Section 3, Subsection (a) of Section 7, and Subsection (b) of Section 10 thereof.

(c) The Supplementary Code empowers the Administrative Committee to present the aforesaid Amendment through the Code Authority on behalf of the industry as a whole.

(d) The Amendment and the Supplementary Code as amended are not designed to and will not permit monopolies or monopolistic practices.

(e) The Amendment and the Supplementary Code as amended are not designed to and will not eliminate or oppress small enterprises and will not operate to discriminate against them.

(f) Those engaged in other steps of the economic process have not been deprived of the right to be heard prior to approval of said Amendment.

For these reasons, therefore, this Amendment has been approved.  
For the National Industrial Recovery Board:

W. A. HARRIMAN,  
*Administrative Officer.*
